

## INFORMED CONSENT FORM

Thank you for agreeing to participate in this study. This form details the purpose of this study, a description of the involvement required and your rights as a participant.

This project is under the subject of COMP90018\_2017\_SM2: Mobile Computing Systems Programming. The purpose of this study is:

- to gain insights that will help us in the ideation process of building a mobile application that will *enable active decision-making for a safer future*

The interview will be videotaped to help me accurately capture your insights in your own words. The tapes will only be heard by the evaluators of this subject for the purpose of this study.

In the event you choose to withdraw from the study all information you provide (including the video) will be destroyed and omitted from the final presentation.

Insights gathered by you and other participants will be used in making a video report, which will be seen by the evaluators and possibly presented to the COMP90018 class.

By signing this consent form I certify that I \_\_\_\_\_ agree to  
the terms of this agreement.
